This extensive document list includes the sources which have informed the findings and conclusions reached in the text of the four briefing papers. As these sources are not cited in the text of the briefing papers (for ease of reading), I hereby acknowledge the use made of these documents. A number of other documents are included as recommended further reading.

Sustainability

Jensen, E R (1991) “Cost effectiveness and financial sustainability in family planning operations research”, p273-313 of Seidman and Horn eds

Sustainability Matters 1996 (Volume 2); see in particular the Editorials and these articles: J. Schutt-Aine “Using client profile studies to improve sustainability efforts” A. Tsui “A framework for evaluating sustainability” T. Williams “How the Transition Project evaluates sustainability”
User fees

Burnett, B (1998) “Do client fees help or hurt?” Network 18:2, 6-11

Chernichovsky, D and O Meesok (1986) “Utilization of health services in Indonesia” Social Science and Medicine 23: 611-620

Harvey, P D (1994) “In poor countries ‘self-sufficiency’ can be dangerous to your health” Studies in Family Planning 22:1 52-54

Janowitz, B and J Bratt (1996) “What do we really know about the impact of price changes on contraceptive use?” International Family Planning Perspectives 22:1, 38-40

User fees

Lewis, M (1986) "Do contraceptive prices affect demand" Studies in Family Planning 17:3, 126-135

Litvack J, C Bodart (1993) "User fees plus quality equals improved access to health care: results of a field experiment in Cameroon" Social Science and Medicine 37:3, 369-383

Mills, A (1991) "Exempting the poor: the experience of Thailand" Social Science and Medicine 33: 1241-1252

Population Council (1997) "An innovative approach to providing reproductive health services at the community level in Burkina Faso" Update 8 (February 1997), Nairobi: Africa Operations Research and Technical Assistance Project II

Stanton, B and J Clemens (1989) "User fees for health care in developing countries: a case study of Bangladesh" Social Science and Medicine 29:10, 1199-1205

Townsend, M (1995) “The fear of losing the poor” Sustainability Matters 1:2, 2

Yoder, RA (1989) “Are people willing and able to pay for health services? Social Science and Medicine 29:1, 35-42

Boone, M, J Farley & S Samuel (1985) “A cross-country study of commercial contraceptive sales programs: factors that lead to success” Studies in Family Planning 16:1, 30-40

Cameroon Demographic and Health Survey (1998) The 1998 Cameroon Demographic and Health Survey Columbia: Macro International

The EVALUATION Project (1993) Indicators of Quality of Care in Retail Outlets Selling Contraceptive Products, The EVALUATION Project’s Service Delivery Working Group, Quality Subcommittee. Carolina: University of North Carolina at Chapel Hill, Carolina Population Centre

GTZ (1997) Social Marketing of Contraceptives in the Context of Family Planning Programmes: Recommendations for German Development Cooperation (Research Reports of the Federal Ministry of Economic Cooperation and Development, Germany)

UNAIDS (1998)
Social Marketing: An Effective Tool in the Global Response to HIV/AIDS
Geneva: UNAIDS (98/26)

Vernon, R, G Ojeda, M Townsend (1988)

Weinrich, N K (1999)
Hands-on Social Marketing: A Step-by-Step Guide.
London: Sage

World Bank (1997)
Confronting AIDS: Public Priorities in a Global Epidemic
World Bank/Oxford University Press
Community Based Distribution

Bertrand, J (1991) “Recent lessons from operations research on service delivery mechanisms” p19-44 of Seidman and Horn (eds)

Chege, N J (1997) Tanzania Family Health Project: Review of the CBD Pilot Programme, Mboazi District, Options Consultancy Services for the British Council and DFID

Foreit, J (1991) “Reaching more users: more methods, more outlets, more promotion” p215-231 of Seidman and Horn (eds)

Gadalla, S, N Nosseir and D Gillespie (1980) “Household distribution of contraceptives in rural Egypt” Studies in Family Planning 11:3, 105-113

Isaacs, S (1975) “Non-physician distribution of contraception in Latin America and the Caribbean” *Family Planning Perspectives* 7:4, 158-164

Community Based Distribution

Townsend, J (1991) “Effective family planning service components: global lessons from operations research”, in Seidman and Horn (eds)
